ABOUT US

Our clinic fosters collaboration among our team of Allied Health Professionals offering specialised services across multiple disciplines including Podiatry, Physiotherapy, Occupational Therapy & Exercise Science. Our practitioner team is supported by our exceptional administration team. Located in Victoria's Western District, Hamilton offers a picturesque backdrop with ample exciting opportunities to explore.

We prioritise a modern, evidence-based approach to healthcare, emphasising professional development and work-life balance. We encourage specialisation into your interest areas and offer diverse patient cases and treatments including endorsement, paediatrics, general care, nail surgery, orthotics, exercise programs, prolotherapy and shockwave. We also work closely with the team at Pro Feet Footwear, our in clinic Podiatry based footwear store.

Our culture is guided by six core values, driving our mission of 'together strengthening the health of our local community'. With a vision to be a successful, sustainable Allied Health clinic that drives to meet the needs of our region.

GRADE ONE **PODIATRIST**

PURPOSE

At Gen Health, the role of Podiatrist is to provide exceptional care to our patients, helping them stay active, healthy, and happy. This includes managing patient care, delivering high-quality treatments, and collaborating within a multidisciplinary team.

KEY RESPONSIBILITIES

Patient Management:

- Complete accurate clinical notes and communicate with referring practitioners.
- Ensure patients have a clear treatment plan and follow-up appointment.
- Maintain confidentiality and deliver a "wow" experience.

Clinical Skills:

- Provide clear diagnoses and structured treatment plans.
- Demonstrate high technical skills with a focus on early intervention and prevention.
- Adhere to sterilisation and safety procedures.

Communication:

- Build rapport and communicate empathetically with patients.
- Actively listen to concerns and provide supportive guidance.

Learning and Development:

- Engage in internal and external professional development.
- Stay up to date with industry trends and utilize the \$1000 PD allowance.

Team and Culture Expectations:

- Arrive on time, respecting schedules and patient care needs.
- Contribute positively to clinic culture through teamwork and collaboration.

Community Engagement:

- Strengthen relationships with referrers and contribute to Gen Health community events.

QUALIFICATIONS & EXPERIENCE

Required

- Current registration with AHPRA
- Current First Aid & CPR certificates
- Police Check
- Professional Indemnity Insurance

Favourable but not essential

- Membership with APODA
- NDIS Worker Screening Chec - or be willing to obtain on arrival if successful
